## Notes/Tips:

- Reformulate (Tend to take long to finish a course or a project that I embarked myself on, which sometimes crashes with new courses introduced in class.)
- Focus more on the most important topics for instance Bash.
- Look for a student job during the holidays from the BTS Partners.
- Improve my Luxembourgish.

## Signatures:

A disagreement on the relationship between the student and the teacher must be clearly indicated in the remarks/advice section.
